

# POSH DOMES

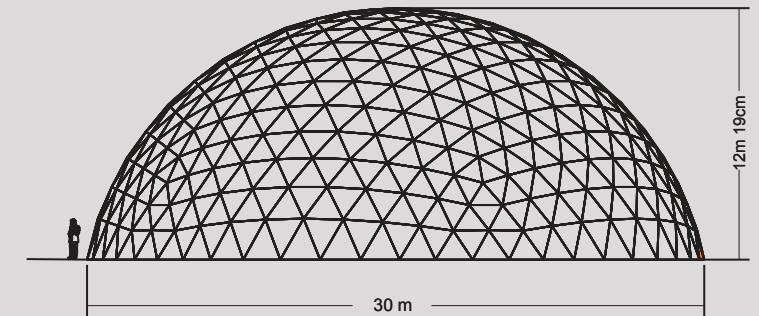

base area: 2826 sq/m  
base diameter: 60m  
dome height: 18m  
setup time: 10 days

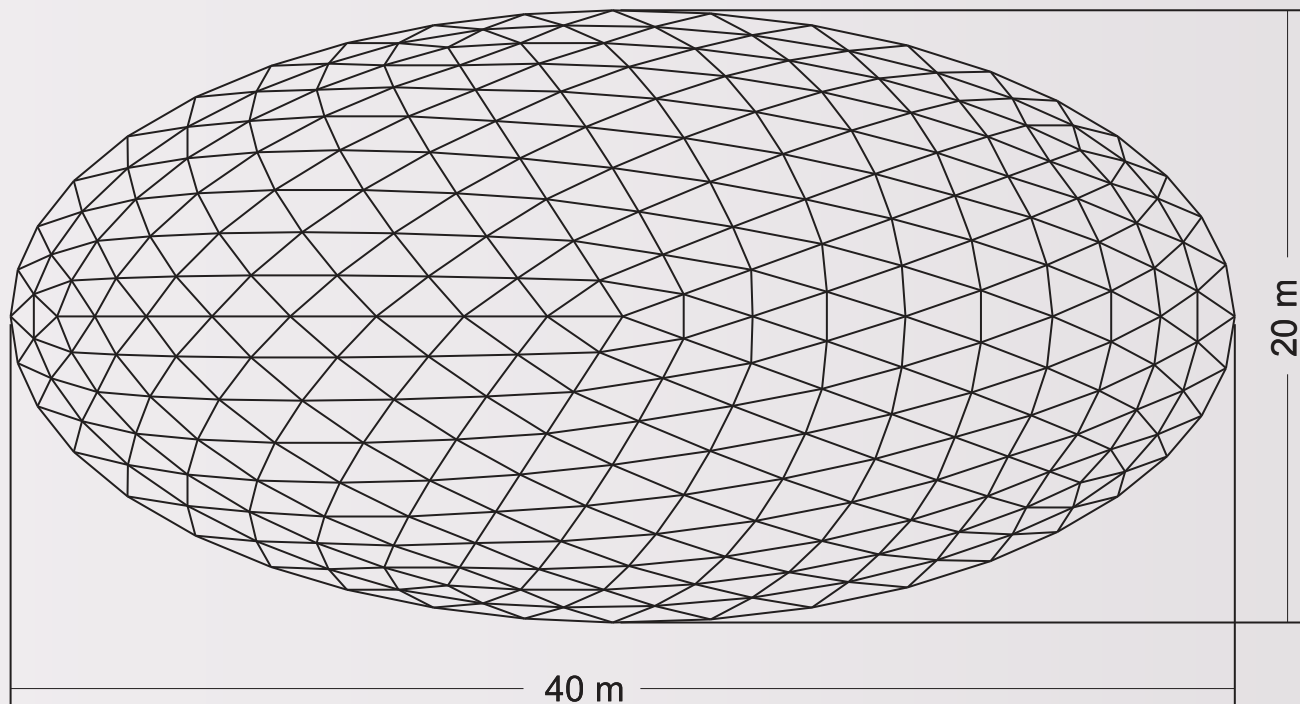

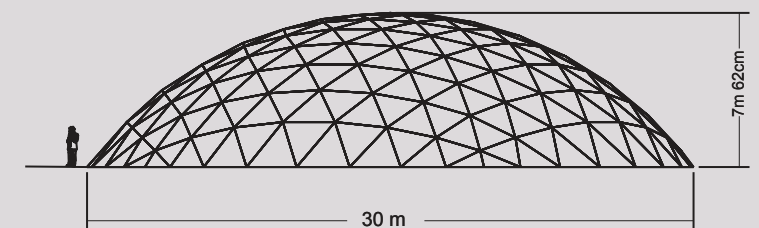

base area: 1256 sq/m  
base diameter: 40m  
dome height: 14m  
setup time: 7 days

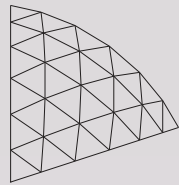

base area: 706sq/m  
base diameter: 30m  
dome height: 12m  
setup time: 3 days

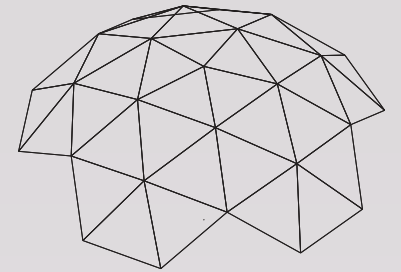

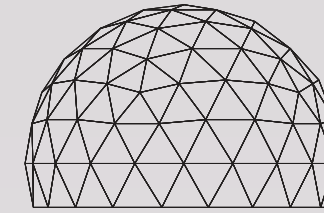

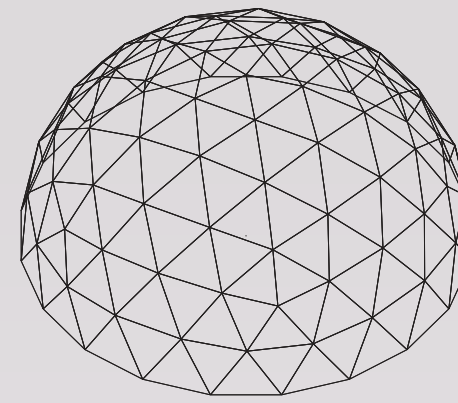

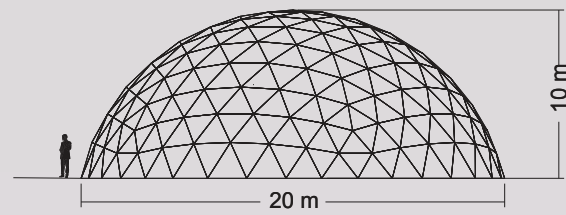

base area: 706sq/m  
base diameter: 30m  
dome height: 7.6m  
setup time: 2 days

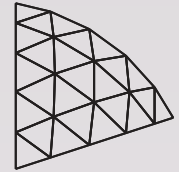

base major radius: 40m  
base minor radius: 20m  
dome height: 15,5m  
set up time: 10 days

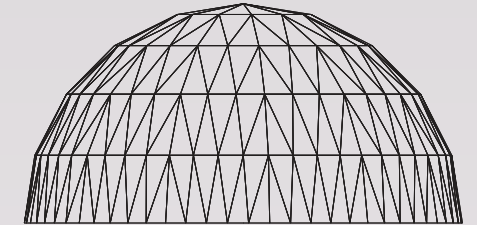

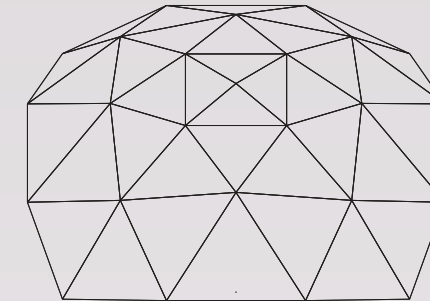

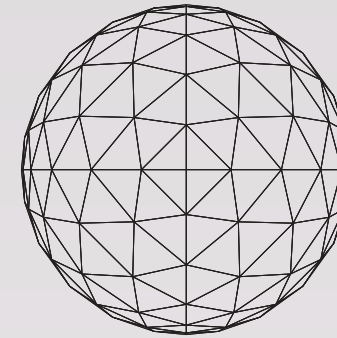

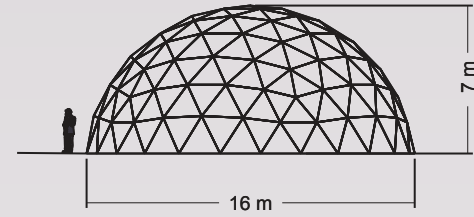

base area: 314sq/m  
 base diameter: 20m  
 dome height: 10m  
 setup time: 3 Days

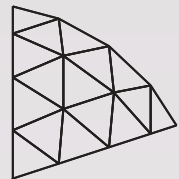

geodesic dome

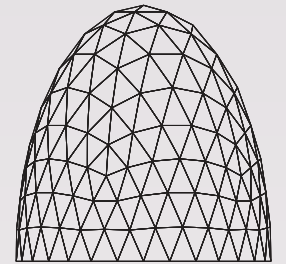

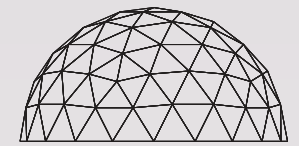

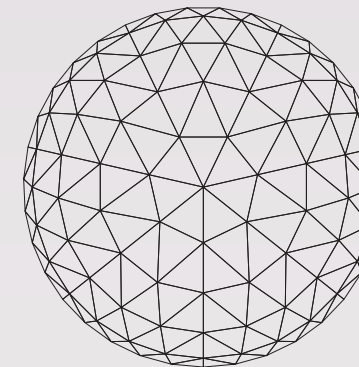

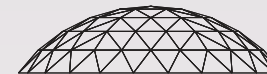

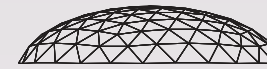

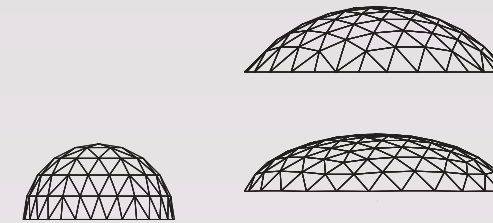

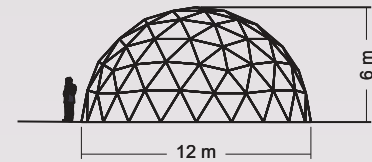

base area: 200sq/m  
 base diameter: 16m  
 dome height: 7m  
 setup time: 2 Days

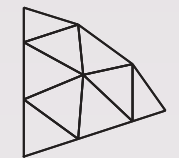

sphere dome

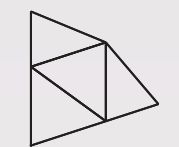

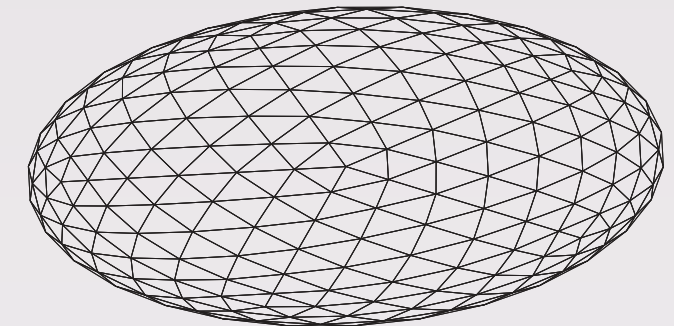

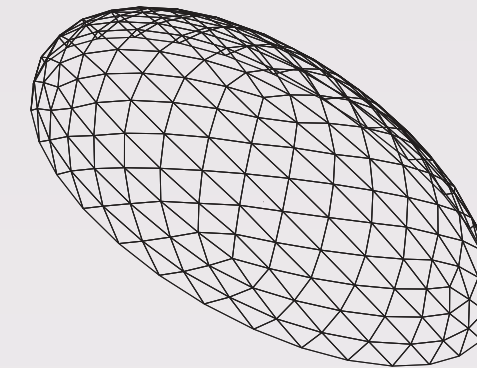

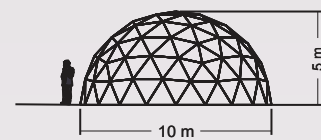

base area: 113sq/m  
 base diameter: 12m  
 dome height: 6m  
 setup time: 1 Day

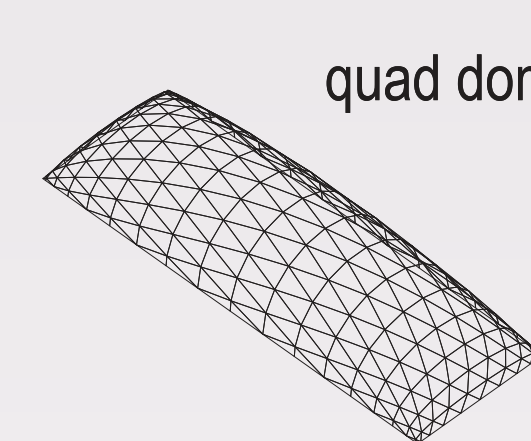

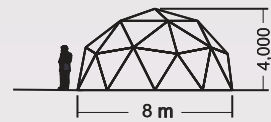

ellipse dome

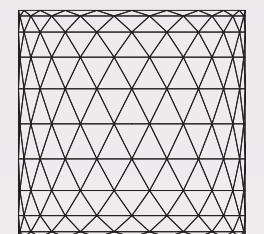

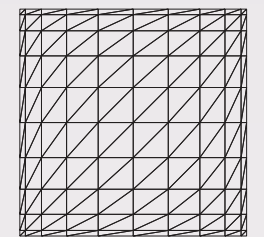

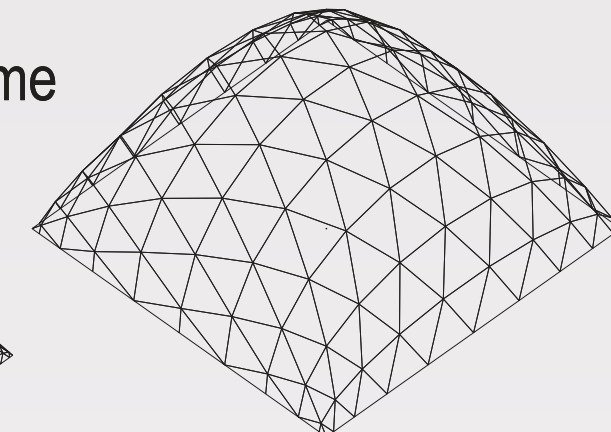

base area: 78sq/m  
 base diameter: 10m  
 dome height: 5m  
 setup time: 1 Day

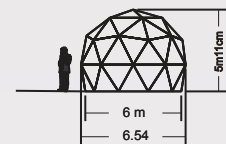

base area: 50sq/m  
 base diameter: 8m  
 dome height: 4m  
 setup time: 1 Day

quad dome

base area: 28sq/m  
 base diameter: 6m  
 dome height: 5,11m  
 setup time: 1 Day

base area: 19sq/m  
 base diameter: 5m  
 dome height: 2,5m  
 setup time: 1 Day

# GEODESIC DOME

## DESIGN

Our company provides design services, preparation of technical and work projects. Also counting the loads.

## MANUFACTURE

We provide construction services. Company manufacture and install glass facades, transparent roofs, skylights and other building elements according to the clients architectural drawings. Also manufacture and install metal products.

## INSTALL

Our designed and manufactured domes, pavilions, hangars and other products. We can install or to help organize the installation or assembly technologies to train yourselves.

## RENT AND SALE

We deliver, install, and at the end of the rent term, disassemble and take away. We work in UAE and abroad.

### GEODESIC DOMES

Quickly installed strong temporary or stationary structures. The installation of structure does not take much time, which means quickly assemble and disassemble structure of various sizes and complexity. The temporary structure can be installed on the all types of surface. Frame elements without covers can decorate parks, squares, homesteads as a decorative sculpture or pergola.

### HANGARS & WAREHOUSES

We sell fully equipped hangars or individual hangar: PVC sheet covering (current carcass) or just the carcass. You can mix together different covers for hangar roof and walls. For example PVC tilt roof cover and galvanized and painted tin metal sheets for wall, and etc.
